CLEANING AND MAINTENANCE

CLEANING

CLEANING

Fast and simple cleaning makes it easy to uphold high health and hygiene standards. Egro ZERO+ provides a cleaning system which guides users through the procedure. The user may rapidly and easily activate the complete cleaning cycle (6 minutes) with hot water and detergent by following the instructions as they appear on the display. The spout can be easily removed and cleaned.

RINSING CYCLE

A rinsing cycle start automatically at a preset time after the last beverage delivery.

MAINTENANCE

EASY ACCESS TO ALL COMPONENTS

Easy access to the main internal components to facilitate maintenance operations and ensure high reliability.

DURA BREW

The brewing unit is equipped with Dura Brew, the hermetic sealing system that reduces maintenance costs and the total cost of ownership.

- Egro Patented Technology

USB PORT

Zero+ comes with a USB port to transfer technical data and upload images and videos.
