Enjoy your perfect coffee everyday

 **RANCILIO**

ENGLISH

“I believe that if you want to become your own barista, you are free to try and experiment as much as you want. I mean, if you love coffee, you will also love learning how to make it. But to do that, you need the proper equipment. And that's what Rancilio promises we'll get: a professional-grade espresso machine perfect for home use and passionate coffee lovers.”

GIORGIO RANCILIO

Enjoy your perfect coffee everyday

If you love Italian espresso, you and your friends are also going to love Silvia. We imagine home espresso machines and their accessories as if they are trusted companions that make you feel as if you are in a coffee shop. However, there's a catch, you are not sitting at the table, you are instead the one who fills the portafilter with freshly

grinded coffee. And it's you that places the cup under the spouts and allows the coffee to pour into the cup, while the aroma fills the room. And it's still you that become a barista at home.

An icon is born

Professional style. The pleasure of a perfect professional espresso is at your fingertips any time of the day. Influenced by modern design, Silvia is perfect for any décor and offers absolutely professional levels of performance and reliability. Thanks to Silvia, you no longer have to choose between style and functionality or design and performance. Experience the pleasure of a perfect professional espresso.

Silvia Inox

Brewing technology

Invite the Rancilio brewing technology into your home: ergonomic portafilter, insulated boiler, stainless steel steam wand and steam knob, cup tray and brass brewing unit.

Power to design

Enjoy the modern look and high quality of the design: ergonomic to use and easy to clean.

That's milk

Professional feeling for cappuccino, macchiato and more, with luscious foam and creamy steamed milk.

HIGHLIGHTS

- 1 Rancilio technology in just 23 cm
- 2 Stainless-steel body
- 3 User-friendly switch button icon set
- 4 8 g and 16 g filter baskets
- 5 In-built 2-litre water reservoir, easy to remove for cleaning
- 6 Stainless steel drip tray and cup tray, easy to remove for cleaning
- 7 Energy-saving insulated boiler
- 8 Professional tamper: black wood with stainless steel flat base 58 mm
- 9 Recommended for home and office

* The auto-off function is only available for the EUROPE market according to Regulations 1275/2008/EC and 801/2013/EU.

Silvia dressed in black

The gravitas of its lines, the sleek elegance of its geometrical shape, a cutting-edge yet timeless style: these are the key features of the exclusive Silvia Black, available in the refined black variant.

Rancilio Silvia Black is an elegant machine in black painted stainless steel. An icon of contemporary style and a gem in the Rancilio Group Home Line, Rancilio Silvia celebrates its 20th anniversary with this special edition – like a movie star of the past stepping out in a beautiful evening gown, while maintaining all the aesthetic and functional features that have made it a great classic for all coffee enthusiasts.

Silvia Black

Rocky: the perfect partner

The perfect package of looks, durability and precision – to achieve exactly the grind size you want, whether it's a fine grind for great espresso or a coarser one for drip coffee.

Rocky

Next level grinding

Take grinding to the next level with the grinder designed to complement your Silvia espresso machine.

The micrometric regulation guarantees constant precision in the setting of the desired grinding for any type of recipe, from espresso to filter coffee.

1 g/s

AVERAGE OUTPUT (ESPRESSO)

- 2 2 versions: with or without manual doser lever (SD)
- 3 Up to 50 grind settings with adjustment control
- 4 50-mm flat steel grinding burrs
- 5 Average output: 1 g/s
- 6 Coffee bean hopper capacity: 0.3 kg / 0.7 lb
- 7 Ground coffee container capacity (version with manual doser lever): 0.2 kg / 0.4 lb
- 8 Dose (manual doser lever): 7g / 0.2 oz
- 9 Removable ground tray

The espresso professional

Silvia Pro is the 1-group espresso machine that provides precision and control over every shot, with limited footprint thanks to its compact design. Silvia Pro is a blend of the professional performance of Rancilio espresso machines and the remarkable capabilities of Silvia – with the addition of two PID, a digital display, two independent boilers and a wider range of coffee solutions, designed to provide the best coffee experience and to meet the needs of expert baristas.

Silvia Pro

Equipment

High-quality professional equipment and heavy-duty components: ergonomic portafilter, insulated boilers, multi-directional stainless steel steam wand and steam knob, cup tray and brass brewing unit.

PID

Electronic control over water temperature in coffee boiler and steam boiler, via internal PID offering extremely precise temperature stability.

Temperature regulation

The temperature of water for coffee and steam can be adjusted easily via the display buttons ⊕ ⊖.

Separate boilers

Silvia PRO is equipped with two separate boilers, both equipped with PID: one boiler is dedicated to heating the water for coffee, and the other is a steam boiler for hot water and steam.

HIGHLIGHTS

- 1 Rancilio technology in just 25 cm
- 2 Stainless steel body
- 3 Digital display with shot timer, temperature indicator, water alert
- 4 Programmable wake-up mode
- 5 8 g and 16 g filter baskets
- 6 Built-in 2-litre water reservoir, easy to remove for cleaning
- 7 Safety water management and professional delivery
- 8 Pods&Caps adaptor kit (optional)
- 9 Energy-saving insulated boilers
- 10 Stainless steel drip tray, easy to remove for cleaning
- 11 Adjustable in height cup tray, easy to remove for cleaning
- 12 Professional tamper: black wood with stainless steel flat base 58 mm
- 13 Recommended for home, office and coffee corner
